

Dear Mr. Metzner,

I would like to thank you for taking time out from your schedule to visit our class. I really enjoyed listening to your experiences you faced in the Vietnam War. I know it must have been hard for you but you survived because you were brave.

I also had my father and my uncle that were also involved in Vietnam. They always tell me stories about Vietnam that are always sad to hear. All I know is I truly respect every man that were involved in Vietnam because they risked their lives for our country. I thank you for being brave.

Sincerely,
Rachael Guizotti
