Dear Mr. Metzner,

I want to thank you for coming to Mr. Agan's class on Friday, January 14, 2000, and taking the time out of your day to come and talk to us about Vietnam.

It was very interesting to what you had to say about your experiences, and what happened while you were there. Although, I didn't understand everything you were saying, but I got most of it.

It's a shame that you can't go back to Vietnam, because you were very important to that country, and deserve more credit than that.

Well, thank you again, and good luck with your book, and maybe more to come.

Sincerely,
Esther Ramos
