

Dear Mr. Metzner,

1/19/00

Thank you very much for taking your own time to come talk to our class. Your presentation showed me that war really sucks. My grandfather was a P.O.W. on Wake Island in the Pacific during WWII. I know how hard it was for his family to deal with it. I truly feel sorry for all the families who sent their boys off to Vietnam. Especially if they argue that it wasn't our war.

So again thank you for sharing your stories with our class.

Sincerely,
Evan Oliver.

Mr. Ozi
