Dear Mr. Metzner:

Thank you for coming to our class to speak with us about your experience. I enjoyed hearing your stories and about details of Vietnam. It is good to hear a veterans point of view. Now I know a little more about what went on. It will help to further complete my knowledge and understanding.

Thank you also for sharing with us your book and some material from it.

Once again, thank you for taking your time to share with us. I will never forget it. Thank you.

Sincerely,

Philip Gubser
