

Dear Mr. Metzner,

Thank you for coming to our class on Friday. Our class really enjoyed hearing about your time in Vietnam. I thank God for people like you, to lay down your life, and go fight in a war, that we had no business going to. After learning about the war it was good to hear from someone that was actually there. Luckily none of my family was involved in this war. My great uncle was in W/WII. He was sent in on D-day and was the only man to survive out of his platoon. Anyway we really appreciated you coming!!

Sincerely,

  
Greg Stine
