Hi Ed,

I heard about Aline. Our prayers are with both of you constantly. You have been added to our prayer list at church so lots of prayers are being said on your behalf.

The letters you received from the students you have touched are wonderful. Please continue to go to school and tell your story every chance you get. I'm trying to do the same here. I've been fortunate enough to make a couple of presentations since I left education. I hope to be able to do more.

Until we are able to get together again, I'll stay in touch.

Mike
