

THANK

YOU

Dear Mr. Metzner,

I really enjoyed having you talk to us about your experience's in the Vietnam war. My 2cnd cousin went to the war but something must have happened to him because he is afraid to talk about the war and what he had to do, everytime you bring it up he gets angry, and starts yelling.

I've always wanted to now about the war from a firsthand point of view, and thanks to you I now know.

I really enjoyed the fact that you brought your uniform, it was cool and added a extra sense of interest.

Thank You,
Clint Wade
