

MR. Metzner ,

June 13th 2000

It is truly amazing how you attend Schools, as well as other places, and Speak openly about everything you experienced throughout the 7 years you Spent in Vietnam. Not many people can do what you do.

I'd like to thank-you for attending our tutorial this afternoon and Speaking to our class. Don't get me wrong, MR. Agan is a great teacher, but it is always more interesting and facinating to hear about an experience from a person whom has experienced it hands on... face to face.

I commend you for enlisting in not only one but four different tours to Vietnam. You truly are a brave and patriotic man. We deffinatly need more people like you in this world! I applaud you for all of the effort, time, and patience that you contributed to this unfortunate incident, in effort to put an end to it, Saving many lives in the process.

Thank-you again for taking time out of your Schedule to Speak to us.... it is greatly appreciated!

Sincerely,
Amy Cunningham
