

Mr. Metzner,

I'd like to thank you for speaking with our class on June 13, 2000. It truly meant a lot to me because I have an uncle who was in the Vietnam War, and you have given me an understanding to what he may have gone through. You said to just sit down and listen to what he has to say, and I'll do just that. What you talked about was breathtaking. Thank you again for coming.

Sincerely,
Elizabeth Jefferson
