Dear Mr. Metzner,

Thank you for coming to our class and speaking to us about your experiences in Vietnam. I think that it is very honorable for what you did to help the people of South Vietnam.

Its amazing to me, that you put your own safety and health in jeopardy, to help those in need. Whenever I heard bits and pieces about the vietnam war, I was put under the impression that it was not helpful to those in need. But after hearing you talk to us, I got a new and aspect of what Vietnam was like, and the humanitarian cause behind sending U.S. Soldiers to Vietnam.

Thank you, sincerely.

Ryder McCray.
