The 2nd BATTALION 60th INFANTRY and 9th INFANTRY DIVISION LISTS

This is a continuing project to attempt to identify and honor those members of the United States Army who sacrificed their lives while serving with the 2nd Battalion 60th Infantry 9th US Infantry Division and those who sacrificed their lives while serving with other units of the 9th Infantry Division. **Every possible effort has been and will continue to be made to accurately and correctly associate names with units and with companies, batteries, or troops within the unit. We deeply regret any omissions from this list and we also deeply regret any erroneous inclusions or unit identifications in this list.** This is an extremely difficult undertaking given that the effort was begun in July, 1998, 32 years after the battalion deployed in-country in South Vietnam, and given that there is no single source of casualty documentation available for research (and none which contains unit identification below Division level). If you have knowledge which suggests an addition, a deletion, or a correction to the list, please contact former members of the battalion. The following are methods of contacting us. You may send an e-mail to:

former 2/60 member and 2nd 60th Liaison to the MRFA (see below) , John Weiss, Northampton, Pennsylvania, at "jweiss7068@enter.net" or to
former 2/60 member and Historian, Dave Argabright, Geneva, Illinois, at "gicw29@foxvalley.net" or to
former 2/60 member Bob Vargas, Glen Ellyn, Illinois, at "romeo2@wyndows.com".

Many former members maintain memberships in the Joint Army-Navy Mobile Riverine Force Association, Vietnam. You may contact us through the MRFA at <http://www.mrfa.org> or via the Mobile Riverine Force Association, 106 Bellevue Drive, Conover, NC 28613.

This Memorial List is part of a draft of an unpublished history circulated for comment to individuals likely to have personal knowledge of the those listed herein and other men who should be included. The draft is being edited by David L. Argabright for the 2nd Bn 60th Inf SEAV Association, Inc. You may reach the Association at:

2nd Bn 60th Inf SEAV Association, Inc.

Financial support for this and other parts of the Association's historical research has been provided by David Argabright, Tony Brown, Richard Coffelt, Bob Mariotti, Leonard McEwen, Al Norkus, Ed Sanicki, Alan Schaeffer, Bob Vargas, MAJ Thomas Veit (Ret), and John Weiss. The former members of the battalion appreciate your generous support.

RESEARCH ACTIVITIES

This Listing is based on a variety of sources or evidence including circumstantially by reason of date, province, cause of death and MOS. The first basic point of reference is the Department of Defense Combined Area Casualty File (CACF) of November, 1993, which lists the names and much other information for the more than 58,000 members of the Armed Forces who died in Southeast Asia. There are 33,240 US Army names in the file beginning with the period when the division arrived in-country through the last date in the file. We have found 1 name in a unit Morning Report and 4 names in the division TAGCEN file which are not in the CACF. There is a relatively low error rate in the CACF file, probably less than 0.3 %.

The second basic point of reference is The Adjutant General's Central Casualty File (TAGCEN) which identifies each casualty with a Major Command (in our case, the 2,600 plus deaths listed for the 9th Infantry Division). Unfortunately the TAGCEN file lists approximately 10 % of US Army deaths as "no major command". Based on a sample size of about 3,500 names, the observed error rate for inclusion and exclusion is approximately 2 %. This means that approximately 50 names were included in the 9th Inf Div list erroneously and perhaps as many as 100 or more names of 9th Inf Div KIA's may have been included in other major command listings or not assigned to any unit.

Many former members of units of the division have done research in the past to establish their own unit Memorial Lists. These unit lists have been extremely helpful to us, just as we hope this compilation will be helpful to them and other researchers. We are all attempting to identify and honor those who did not return. We have assumed that all other unit Memorial Lists of the 9th Inf Div are correct and have not specifically checked each and every name. Where we have changed the unit ID to another unit, we have done so only on the basis of official documentary evidence. Given the number of infusions and transfers among units, both within the division and outside of the division, the presence of the name of a KIA on a unit roster does not necessarily mean that the individual was with that unit at the time of death. For example, the 2nd Bn 60th Inf has six individuals whose names appear on orders, Morning Reports, or rosters associating them with the unit, yet had transferred to another unit prior to their death.

Additional sources include VIETNAM STUDIES, RIVERINE OPERATIONS 1966-1969, published by the Department of the Army, and DA, HDQS, 2D BATTALION, 60TH INFANTRY, APO SAN FRANCISCO 96371, Annual Supplement to Unit History 1968, provided by **US ARMY MILITARY HISTORY INSTITUTE**, Carlisle Barracks, PA. We appreciate very much the assistance of Michele Cast of the Institute.

NATIONAL PERSONNEL RECORDS CENTER

We received permission from the **DEPARTMENT OF THE ARMY, Freedom of Information and Privacy Acts Office** in Springfield, Virginia to examine and make copies of microfilm documents concerning the battalion. We appreciate very much the assistance of Rose Marie Christensen, Chief, Freedom of Information and Privacy Acts Office.

With the above permission, David Argabright and Bob Vargas visited the **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION's National Personnel Records Center** in St. Louis ("NARA" & "Center") on 2 & 3 August 1999. They examined microfilm of 2nd Bn 60th Inf source documents for 1966-1968 (as well as that for other 9th Inf Div units on the same microfilm reels) including company and battalion Rosters, organic company Morning Reports, and copies of orders attached to Morning Reports as reference documents. The microfilm examined contains more than 50,000 pages of documents. They were greatly assisted by Barbara Herrod and Susan K. Nash of the Center both of whose assistance is very much appreciated. Approximately 10,000 pages of documents were reviewed and 819 pages of documents were copied for more detailed analysis. Argabright and Vargas again visited the Center on 28 & 29 October 1999. They were capably assisted by Barbara Herrod, Susan Nash, and Penny Cooper of the Center all of whose assistance is very much appreciated. Approximately 9,000 pages of documents were reviewed and 733 pages of documents were copied for more detailed analysis. Argabright again visited the Center on 26 November 1999. He was aided by Barbara Herrod and Penny Cooper of the Center both of whose assistance is again very much appreciated. Approximately 3,500 pages of 1968 Morning Reports were reviewed and 85 pages of documents were copied for more detailed analysis. On 8 February 2000 174 pages of rosters of the 2nd Bn 60th Inf for 30 Apr 69, 31 Oct 69, and 6 Oct 70 were mailed by the Center. These pages were located and copied by Dwayne Rosenburrow of the Center. His assistance and extra effort on our behalf are greatly appreciated. Argabright, Vargas, and Richard Coffelt researched copies of the pertinent documents from the visits and mailings. Copies of documents pertinent to other battalions in the 9th Infantry Division were forwarded to appropriate researchers, particularly for the 3rd Bn 60th Inf and the 5th Bn 60th Inf. The Center in St. Louis has proven to be an invaluable resource for our Memorial List, Period Roster, and Battalion History. Very unfortunately, we have discovered that we will never be able to reconstruct a complete roster and Memorial List from the records in St. Louis alone. About 5-10% of the Morning Reports for the battalion are not in the microfilm, whether because the original documents were lost or were omitted in the filming process is unknown. It appears that some casualties were not reported on the Morning Reports in a timely manner. For most years there are no DA Form 305-1, or other, Officer Rosters even though these did exist. For 1967 about one half to two thirds of the microfilm is totally illegible because the camera was out of focus while filming the source documents. And, the microfilm for all the company rosters for 31 May 70 is totally illegible. In addition, we are not permitted to personally review any documents for 1969 and 1970 due to FOIA restrictions, but are only permitted to receive copies of redacted rosters. Finally, about 75 % of the deaths in the 2/60 Inf occurred in the first six months of the individuals' tour. This means that 40-50 % of the names of the deceased do not appear on a roster, since rosters were prepared once every six months and the deceased were not members of the unit long enough to appear on a roster.

The review of materials obtained from the Center in all visits and mailings resulted in:

- 96 new names being added to the 2nd Battalion 60th Infantry Memorial List,
- 143 names already included in the 2nd Battalion 60th Infantry Memorial List being confirmed as having been men who served and died with the battalion,
- 2,868 names being added to the 1966-1970 2nd Battalion 60th Infantry Roster,
- 14 names being removed from the 2nd Battalion 60th Infantry Memorial List and identified with other 9th Inf Div units,
- 18 names previously unmatched by unit in the 9th Inf Div that were possibly from the 2nd Bn 60th Inf (due to deployment date) were positively identified instead with either the 3rd Bn 60th Inf or the 5th Bn 60th Inf (M),
- 10 names previously unmatched by unit in the 9th Inf Div that were possibly from the 2nd Bn 60th Inf (due to post-Aug 69 casualty date) were positively identified instead with the 6th Bn 31st Inf, the 2nd Bn 47 Inf (M), or the 5th Bn 60th Inf,
- 29 corrections to the 9th Infantry Division List where names tentatively identified with a unit (other than the 2/60 Inf) were confirmed to have been with a different unit,
- 1 name not listed in the CACF file found on a Morning Report being added to the 9th Infantry Division List,
- 2 names not listed in the TAGCEN 9th Inf Div file found on a Morning Report being added to the 9th Infantry Division List,
- 164 new names previously unmatched by unit in the 9th Inf Div from any source being matched to a unit within the division (other than the 2/60 Inf), and
- 431 name and unit identifications (other than the 2/60 Inf) in the division list from all sources being confirmed as correct.

Based upon research of documents from NARA's Center 331 names previously unmatched by unit in the 9th Inf Div from any source have now been matched (or correctly matched) to a unit.

LYNDON BAINES JOHNSON LIBRARY

David Argabright visited the **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION's Lyndon Baines Johnson Library and Museum** on the University of Texas campus in Austin ("LBJ Library") on 28 & 29 February 2000. The visit was arranged by John Wilson, LBJ Library Archivist. Argabright was provided with courteous and friendly guidance, assistance, and information during his visit by Linda Seelke, LBJ Library Archivist and by many members of the library staff including Shannon Jarrett, Allen Fisher, and Cindy Evers.

Materials researched at the LBJ Library resulted in:

- 6 new names being added to the 2nd Battalion 60th Infantry Memorial List,
- 8 names already included in the 2nd Battalion 60th Infantry Memorial List being confirmed as having been men who served and died with the battalion,
- 1 name not listed in the TAGCEN 9th Inf Div file being added to the 9th Infantry Division List,
- 269 new names previously unmatched by unit in the 9th Inf Div from any source being matched to a unit within the division other than the 2/60 Inf.

Mr. Richard Coffelt visited the LBJ Library on 20 & 21 March 2000. The primary thrust of his research was for the 1st Cavalry , 25th Infantry, and 101st Airborne Divisions. He specially researched 15 names from the 9th Infantry Division for us and matched them to units within the division.

Subsequently Mr. Coffelt retained the services of Shannon Jarrett to research names for possible unit identifications. This resulted in more than 40 additional names of 9th Infantry Division KIA's being identified with a subordinate unit. Mr. Coffelt and Mr. Argabright retained Melinda Johnson (University of Texas undergraduate) to research the remaining names of 9th Infantry Division KIA's from the Johnson era who remain unmatched to a subordinate unit, plus other names likely to have been from the division. Results from Melinda's research to date are:

- 29 names with no file or bad unit ID
- 21 names with other unit ID's included in TAGCEN 9th Inf Div in error
- 165 names newly ID'ed to a unit within the 9th Inf Div other than the 2/60 Inf
- 73 names confirmed to a unit within the 9th Inf Div other than the 2/60 Inf
- 1 name newly ID'ed to the 2/60 Inf
- 14 names switched among units within the 9th Inf Div (other than the 2/60 Inf)

NIXON PRESIDENTIAL MATERIALS

David Argabright visited the **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION's Archives II Nixon Presidential Materials Section and Modern Military Reference Section** on the University of Maryland campus in College Park ("Nixon Materials") on 19, 20, 21 & 22 April 2000. Argabright was provided with courteous and friendly guidance, assistance, and information during his visit by William M. Joyner, Nixon Materials Library Archivist, and by many members of the Archives II staff. Argabright was also provided with courteous and friendly guidance, assistance, and information during his visit by Jeannine S. Swift, Military Archivist, and Clifford L. Snyder, Military Archivist. Materials researched at NARA's Archives II resulted in:

- 33 new names being added to the 2nd Battalion 60th Infantry Memorial List including 2 names not listed in the TAGCEN 9th Inf Div file,
- 24 names already included in the 2nd Battalion 60th Infantry Memorial List being confirmed as having been men who served and died with the battalion,
- 9 names listed in the TAGCEN 9th Inf Div file being confirmed as belonging to a major command other than the 9th Inf Div,
- 84 names with no file or bad unit ID,
- 256 names not in the 9th Inf Div TAGCEN file from Long An, Dinh Tuong, and Cambodia being confirmed as belonging to a major command other than the 9th Inf Div,
- 337 names previously unmatched by 9th Inf Div unit from any source being ID'ed to a unit within the division other than the 2/60 Inf (including 3 not in div TAGCEN file), and
- 31 name and unit identifications (other than the 2/60 Inf) in the 9th Inf Div list from all sources being confirmed as correct.

MODERN MILITARY REFERENCE SECTION

Sandra Mapes, Mildred Swernofsky, and Dottie Cummings visited the **NATIONAL ARCHIVES AND RECORDS ADMINISTRATION's Modern Military Reference Section** on the University of Maryland campus in College Park ("MMRS") on 10 & 11 July 2000. They were provided with guidance, assistance, and information during the visit by many members of the Archives II staff. They located and photocopied approximately 3 linear feet of documents for use in further identifying 2/60 Inf KIA's and for a basis for writing the narrative history of the battalion's operations in Southeast Asia. The documents copied at the MMRS were the 2/60 Inf S-3's Daily Staff Journal or Duty Officer's Log, DA Form 1594 for the period 1 January 1967 to 16 July 1968. Entries in the S-3 Journals reconfirmed 31 KIA's as having been members of the 2/60 Inf and identified another 7 KIA's for the first time as having been members of the 2/60 Inf. In addition, 3 Vietnamese and 51 US Army names were added to the 1966-1970 Roster. We greatly appreciate the effort of these three ladies.

INDIVIDUAL DECEASED PERSONNEL FILES

In February, 2000, David Argabright wrote to Thomas M. Jones, Freedom of Information and Privacy Act Officer, **DEPARTMENT OF THE ARMY, US Total Army Personnel Command**, in Springfield, Virginia, requesting the Individual Deceased Personnel File (IDPF) for each of five soldiers KIA while serving with the 9th Infantry Division but whose organic sub-units were not known. The request was reviewed, approved, and forwarded to the NARA facility in Suitland, Maryland. In May, 2000, the initial five IDPF's were received. Request and receipt of IDPF's is time consuming due to the backlog of requests and the volume of information that must be copied and redacted for each individual. Average turnaround time from request to receipt of IDPF is four to five months. Nevertheless, this method has become the unit identification method of last resort for individuals whose unit cannot be determined by any other method of document examination. We will continue to pursue this method for as long as it takes to ID all 9th Infantry Division KIA's otherwise not documented by organic sub-unit. Currently friends of, and former members of, the 2/60 Inf have 85 requests for IDPF's pending with the US Army.

Unit identifications from IDPF's to date are:

- 4 men ID'ed to the 2nd Battalion 60th Infantry 9th Infantry Division
- 2 men ID'ed to the 5th Battalion 60th Infantry 9th Infantry Division
- 1 man ID'ed to the 6th Battalion 31st Infantry 9th Infantry Division
- 1 man ID'ed to the 2nd Battalion 47th Infantry 9th Infantry Division
- 1 man ID'ed to the 2nd Battalion 4th Artillery 9th Infantry Division (was a Forward Observer with B/2/60 Inf)
- 1 man whose file could not be found by NARA in the Suitland facility

INDIVIDUALS ASSISTING IN THIS EFFORT

We have been tremendously aided by information provided by Mr. RICHARD COFFELT who served as a Sergeant in the US Army in the 1950's. Mr. Coffelt has studied the American involvement in Vietnam for many years. He is arguably the leading expert anywhere in the world, official or unofficial, on unit identification of US Army KIA's in the Southeast Asian War. Mr. Coffelt has assisted numerous Unit Associations and battalion historians with historical research, these units including the 4th Infantry Division, the 1st Brigade 5th Infantry Division (Mechanized), the 25th Infantry Infantry Division, the 1st and 2nd Battalions of the 35th Infantry Regiment, and the 173rd Airborne Brigade. In particular, Mr. Coffelt provided us with the names of more than 700 9th Infantry Division casualties identified down to the company/battery/troop level which he had painstakingly researched for 13 years. He has obtained and maintains an exhaustive, huge collection of source materials including DoD computer tapes and MACV operations logs. He has continued to assist us by reviewing the Awards and Decorations sections of the 9th Infantry Division's weekly newspapers as they are found for possible name and unit matches. He has continued to assist us by maintaining contacts with virtually every public source of information concerning Southeast Asian casualties. He has continued to review our efforts and provide resources and valuable guidance. Since this effort began he has furnished us with an additional 500 plus 9th Infantry Division casualties identified down to the company/battery/troop level. We greatly appreciate Mr. Coffelt's immeasurable assistance and are very deeply grateful to him. Without his support, advice, guidance, and assistance this project would not have been possible.

Mr. Coffelt also electronically introduced us to Mr. Richard Arnold who served with the 1st Battalion 35th Infantry 25th Infantry Division in Vietnam. Mr. Arnold was extremely helpful to us in suggesting that we use the NARA facilities connected with the Johnson and Nixon Presidential Libraries and the NARA Mortuary Archives in Maryland as sources of unit identification of KIA's. We appreciate Mr. Arnold's valuable suggestions a very great deal. Based upon his extremely valuable advice we have shortened the research process and time significantly, perhaps by more than a decade.

We have been greatly assisted by information provided by two Australian gentlemen who are doing research into the activities of the 9th Infantry Division for the period May through September, 1968. C. Benson and B. Tate have forwarded us copies of valuable source documents which they have obtained from the Australian government who in turn received the document copies from the United States government. These documents included copies of the 2nd Bn 60th Inf S-3's Journal for selected periods in August, 1968, portions of the 9th Inf Div Operations Report for 1 Aug 68 to 31 Oct 68, portions of the 191st Assault Helicopter Co. Operational Notes for August, 1968, and portions of the 1st Bde, 9th Inf Div After Actions Report for August, 1968. These documents made possible the matching of names and probable unit or units for more than 50 9th Inf Div casualties. We greatly appreciate Mr. Benson's and Mr. Tate's assistance and are deeply grateful to them.

WEBSITES

Many websites have been monitored regularly in an attempt to maintain as accurate and updated a listing as possible. In particular, the 2nd Battalion 60th Infantry website founded by former 2/60 Inf Recon Platoon member MAJ Tom Veit, US Army (Ret), has been an extremely important source of contacts and information. Without MAJ Veit's maintaining the website, the process of casualty identification and the location of former battalion members would have been much, much more difficult. The following websites are some of those which have been checked or are monitored on a regular basis:

2nd Battalion 60th Infantry	Mobile Riverine Force Association
9th Medical Battalion	2nd Battalion 39th Infantry
Vietnam Veterans Memorial Wall	5th Battalion 60th Infantry
1st & 2nd Bn's 16th Infantry 1st Inf Div	3rd Battalion 39th Infantry

LRRP/Ranger Association
D Troop 3rd Squadron 5th Cavalry
2nd Battalion 47th Infantry (Mechanized)

OTHER SOURCES OF INFORMATION

Relatives, former members of the Division, and of the US Navy have assisted in compiling the 9th Inf Div List, their own battalion's Memorial Lists, this list, and/or the battalion history by providing copies of the 9th Infantry Division's weekly newspaper during its deployment in Southeast Asia (The Old Reliable News), Division Yearbooks, Battalion Yearbooks, through personal recollections, through their websites, and by reviewing the Division Listing maintained as part of this project. Many who served with the division have contributed copies of their orders to assist in identifying KIA units, constructing a 2/60 Inf roster for 1966-1970, and to assist in locating other members of the 9th Inf Div who served. In May, 2000, Bob Slafta (D/2/60 Inf) visited the **US ARMY MILITARY HISTORY INSTITUTE**, Carlisle Barracks, PA. Bob reviewed all of the July, 1969, through December, 1969, 25th Inf Div weekly newspapers, The Tropic Lightning, to determine if there were any articles or news about the 3rd Bde 9th Inf Div while it was OPCON to the 25th Inf Div. Unfortunately he could find no news of the 3rd Bde. Bob also scanned several copies of The Old Reliable which had not yet been found elsewhere.

The **MOBILE RIVERINE FORCE ASSOCIATION** and Bob Marthenze have assisted with the Div List by providing copies of the US Navy Daily Operations Summary for TF 117 for each day of 1968. RESEARCH RESULTS FOR THE 2nd BATTALION 60th INFANTRY TO DATE

Current estimates are that more than 5,500 men served with the 2nd Battalion 60th Infantry in Southeast Asia from 21 Dec 66 to 13 Oct 70. To date we have identified 5,065 men of the US Army and 19 Vietnamese Tiger Scouts or Interpreters. Current estimates are that 310 to 320 men of the 2nd Battalion 60th Infantry were Killed In Action or Died From Other Causes. To date, there are 317 US Army names listed, including 6 who had left the 2/60 Inf and were serving with another unit when killed, and 2 Tiger Scout names listed. Sadly, 140 of the US Army names listed were young men not yet old enough to vote legally at the time that they died for their country (minimum voting age during the Southeast Asian War was 21). The battalion suffered 4 additional US Army KIA's but we have not as yet identified these men by name; 25 Apr 67 - B Co, 6 Nov 67 - A Co, 3 Jun 68 - A Co, and 10 Aug 68 - A Co. We know that 2 Tiger Scouts serving with the 2/60 Inf were KIA in 1968 and 1 Tiger Scout serving with the unit was KIA in 1970 but we have not yet discovered their names. In Apr 68 entries in the S-3 Journal 3 US Army personnel from the 2/60 Inf are reported as MIA. We have not yet been able to determine what may have happened to these 3 individuals. In addition to those Killed In Action, best current estimates are that more than 2,000 men of the 2nd Battalion 60th Infantry were Wounded In Action. Our research efforts are continuing.

RESEARCH RESULTS FOR THE 9th INFANTRY DIVISION TO DATE

Everyone involved with casualty identification for the division have so far combined to identify 2,583 names as those of men who died as a result of serving with the 9th Infantry Division. Of these, 2,420 names have been identified with a subordinate unit of the 9th Infantry Division. Our research efforts and those of other researchers are continuing in an effort to identify the remaining 163 names with a subordinate unit. of the division.
