### What is "War Dogs" All About?

The "War Dogs, America's Forgotten Heroes" documentary was produced to educate America about the war dogs and the pivotal role they played in the Vietnam War. It tells the heart-wrenching story of the bond between the dogs and their handlers and the great lengths they each took to save one another from the tragedies of war. It also recounts how only a few of these valiant dogs returned to America at the close of the war, and how none of them was honored. The documentary originally aired on *Discovery Channel* February 15, 1999 and will re-broadcast on September 13, 1999.
