1. I would like to take this opportunity to express my sincere appreciation for the invaluable assistance and professional expertise provided this command by you in support of extremely sensitive photographic missions during the period 15 March - 31 May 1970. The photographs from these missions were of great significance to the conduct of operations within MACV.

2. The results of these efforts contributed significantly to the overall war effort in Southeast Asia and are a direct reflection on your professional ability and personal attention directed toward this project. Your performance is a credit to the Military Assistance Command, Vietnam and the United States Air Force.

3. This letter will be made a permanent part of your military personnel records.
