Dear Mr. Carter:

In reply to your letter of October 23, I am sure we could get you a good deal of material on psychological operations in Viet-Nam. I don't think I am by any means the expert on this subject and therefore will contact Monta Osborne of USIA and others who should be able to help you more than I.

If you will be in Washington on November 12 or 13, as indicated in your letter, I would be very happy to meet you and do whatever we can to help. I would also alert Monta Osborne that you were coming. You might let me know more specifically your schedule when it becomes firm.

I enclose a map showing the location of our offices for your convenience.

Sincerely,

15/

Ogden Williams
Coordinator
Viet-Nam Training Center
