

Baker, West Virginia

November 30, 1970

Mr. D. P. Fenwick  
Information and Education Staff Officer  
Forest Service  
c/o The Moorefield Examiner  
Moorefield, West Virginia 26836

Dear Mr. Fenwick:

I was most interested in your and Mr. Dorrell's letters concerning the proposed highway construction which were printed in the Moorefield Examiner of November 25, 1970. I am most sympathetic to your concern that the proposed highways be constructed in the right places.

I am a landowner and voter living near Lost River in Hardy County. I join you in being concerned lest the area be degraded by unwise location of highways. I might be able to mobilize some of my neighbors in support of your position. At the moment, however, I am ignorant as to where the two proposed routes will actually run, and how they will connect up with Virginia in the east. Could you possibly give me that information or tell me where I can get it? In any case, I much appreciate your concern and, from what I know now, strongly support your position.

Very truly yours,

Ogden Williams
