September 16, 1970

Honorable Alan Bible (D-Nev.)
Subcommittee on National Parks
and Recreation
United States Senate
Washington, D.C. 20510

Dear Senator Bible:

On September 11, I had the pleasure to be fishing in the Northwest corner of Yellowstone National Park. In one afternoon, I encountered two sonic booms from supersonic aircraft traversing the Park. Would it be possible to ban supersonic air travel above national parks in this country as part of the national effort to improve our environment? Perhaps your Subcommittee could make a real contribution in this matter.

Sincerely yours,

Ogden Williams
