Log. Thomas 2*

June 12

Oggie:

It was good to see you again, and that in the pleasant Va countryside.

It am attaching a biog on the fellow I mentioned to you. He has played a major role in Nigerian relief, and most recently was cleaning up Port Harcourt. He is something of a protégé of Amb. Ferguson, under whom he studied law at Howard.

He was highly regarded in the Nigerian Task Force, and a lot of good people went to bat for him when he was still in P Harcourt--which wld seem to prove something. I was asked to try to help him find something good when Ferguson Task Force came to an end. I spoke to Jacobson during his visit here, and Jake took it up w John Burns. Thomas' R appointment has been extended and he is considered to be a candidate for lateral entry aptmt as an FSO. He should be very highly motivated. I have talked to him several times and he ~~xxxxxxx~~ makes a very good impression.

Keep in touch. I am not sitting at Room but should be moving soon.
My number here is . The secretary, Lucille, will always know where I am.

All the best,

File (R. Lott)
