March 5, 1970

Dear Ogden:

Thought you might like to see the enclosed copy of Will Meinecke's letter (please protect <sup>your</sup> source). It confirms what I have been telling you for years: Earthmother AID considers you one of her finest, most prodigious, sterling, upstanding sons. I bask in the reflected glory of seeing my long-standing judgment corroborated in black on white.

Keep me advised of your travel plans. I understand that news of your forthcoming sojourn is spreading like wild-fire through the city. Mothers are preparing to lock their daughters away so that they can have you all to themselves.

I am off on a 10 day's field trip.

Keep in touch

Rush -

*Harvey*
