James W. ECHLE, CORDS XXII

I have today talked with Dr. Levy and with Mr. Echle, both of whom concur in the desirability of Mr. Echle's proceeding to Viet-Nam along with CORDS XIX. Echle wishes to attend the Taiwan program and to take leave without pay in order to do so, since he has no accrued leave.

I have informally called Mrs. Quillian to let her know of this decision and Echle will contact her in person today. Please give AID the customary formal notice of VTC's position.
