Quotation from DOC Letter dated January 3, 1970

The following quotation from a letter we have received from Major Alvin B. Johnson, Jr., who was an outstanding District Senior Advisor candidate, is passed along for whatever use you feel can be made of it. I assume you discussed matters of this type during your trip to Viet-Nam.

"The language and District Operations training at VTC have already proven most valuable. I would recommend that the language department substitute such words as PF,RRF, Platoon, Squad, and Company for currently taught words like Post Office, Train Station, Radio Station, JGS, and USOM."
