

Dec 16, 1970

Mr. Lollenberg

I think the attached will interest you, & tried to call you about it before. In essence, the Army's preliminary investigation team - whose mission was to explore the feasibility and desirability of having the Generals and Colonels receive their 4-day course at VTC - will recommend to the Chief of Staff that VTC get the job. Whether he will concur or not, we do not know yet.

D.W.
