Dear Sir:

I am preparing a treatise for the USACGSC concerning applied cultural anthropology in the Republic of Vietnam. The purpose of the treatise is to investigate the requirement for an applied cultural anthropology handbook for use by US Armed Forces and civilian personnel in support of pacification in Vietnam.

I plan to address the subject at two levels: (1) the individual and (2) the senior advisor/unit commander. My main effort will be at the senior advisor/unit commander level. I will use NAVMC 2616, "Unit Leaders, Personal Response Handbook" to develop the requirements for the individual level.

I would appreciate your providing me information concerning cultural contacts (good and bad) that former students may have provided as feedback from Vietnam. Also, request a copy of your program of instruction and copies of speeches made by guest anthropologists and sociologists.

Thank you for your time and assistance.

Sincerely,

JAMES P. LOCKLEAR
