Comments:

Above schedule shows 7 trips (including one Language Division) in the first half of FY 71, and 4 trips in the second half (also including one Language Division). Three of the seven trips involved people who had never been on an update trip before and who had been deferred from FY 1970 because of the budget squeeze and because of Mr. Macomber's request to cut down on overseas travel. Mr. Zimmerman and LTC Black were particularly overdue as chairmen of their respective courses. Black had been out of Viet-Nam since 1967, and Zimmerman for more than one year.
