NOTE FOR: Mrs. Helen LaRoche
Mr. Nathaniel J. Davis

This is just a brief message to say that recently both students and staff members have, on their own initiative, seen fit to come to my office and express their great admiration and appreciation for the service rendered to them by you both in the conduct of the Library. Since these views were not developed as the result of any inquiries by me but came spontaneously from the individuals involved, I hope you both feel highly complimented, as you should.

Many thanks and congratulations.
