O/FSI/VTC - Ogden Williams

Language Training for Public Safety Advisors

Pursuant to our conversation this morning, I talked to John Manopoli of AID/Public Safety. He said that Public Safety was already in contact with Mrs. Carlier to lay on a 42-week program designed to yield approximately five 2+ speakers per year. He said that they had been in contact with Colby on this. Have you heard anything about it? I think you would wish to be in touch with Mrs. Carlier to see what is going on.
