Mr. Ogden Williams  
Coordinator  
Vietnam Training Center  
Department of State  
Washington D.C.

Dear Ogie;

Was very disappointed that you were required to leave Vietnam before we had a chance to have a real visit. Both Ho Chi and I had planned a quiet evening with you, and Ho Chi had planned a Vietnamese dinner.

We also wanted you to see our darling little boy now that he has grown so much.

I too entertain a dream of one day being able to take you fly fishing on the Rogue river in Oregon. We will both have to hold to that thought and wish.

I am due for home leave in August and intend to spend at least a couple of weeks salmon fishing in Washington State or Oregon and possibly some trout fishing in the cascade mountains of Washington. I will avoid Washington D. C. if I can.

The next time you are out this way I'll depend on you for a longer visit with us.

Please give Mr. Nguyen Van Sam my regards and tell him I'll be glad when he is back on the job here.

Best regards always,

Dick
