Dear Mr. Williams:

Through Henry Streeter and the SPS Alumni Association, I have had intimations that you are engaged in narcotics control work with AID. But that's tantalizingly little to make an interesting Form Notes item for the summer Alumni Horae!

Could you send me in outline, or in the form of printed material which covers the work you are doing, enough about it to enable me to give it somewhat more special treatment than usual? Have you, by any chance, written any articles on the subject, or do you have anything of this sort in progress?

Greetings and best wishes,

Sincerely,

Roger W. Drury
Editor, Alumni Horae
