Assistant Administrator  
East Asia  
Room 3317  
New State Department  
Washington, D.C.

Dear Oggie:

Your new assignment sounds important and even dangerous!

For one reason or another, I have been away from Washington a horrific amount of time. We still have not come to a conclusion on the position we were discussing with you. If all our good candidates keep being snapped up by other organizations, we may never fill it.

See you soon.

Always respectfully,

  
Fitzhugh Green  
Associate Administrator
