

Jan 10.

My Dear old friend,

I got a package with a letter from my brother in CA yesterday - He told me that you've sent him \$50. It was included in this package. He asked me to let you know.

My brother must be the best one I've ever known. He ~~was~~ is working pretty hard to support his brother and sister still in VN, my family, his wife and his 2 kids, also taking care of my son in San Jose. Without him, we could have been in much trouble. When I accepted him to be my brother-in-law in 1973, I didn't think he would be so good. When possible, would you please contact him and encourage him for me? I think he must be worrying so much when being away from his wife and kids so long the time, especially in this situation in the States. He could be lay-off at anytime, who knows?

I wish you would do me a favor: to find out and contact a friend of mine whose address I've lost. His name: LAWSON MAGRUDER III. He was Captain, Inf. in 1974-75; attending Infantry Officer Advanced Course IOAC #7/74 Fort Benning, Ga. In March 1975, he moved to Fort Lewis, WA as Company Commander in 1/75th Ranger. I'm looking forward to having his news and about Gloria his wife and his 2 kids. Besides, will you please find out and give my words to General RICHARDSON, who was one-star in 1974, Deputy C.O., Fort Benning, then moved to the Canal (Panama) as Brigade Commander. He treated me well when I was there. I would like to have him know that I'm safe.

Again, thank you very much -

With my best regards

Would you please forward this note to any magazine which is making noises about the VN-War Veterans?

L
