

Dear Ogden

I have just finished re-reading the most interesting letter you sent me earlier this year telling me of your exploits with Jim Six while you were with PAAF. I also appreciate the photo you sent me of yourself as a country gentleman preparing for a "day in the field". You look great, Ogden.

In my papers I have a set of north Atlantic aerial navigational charts covering the route from NE Canada to Iceland via Greenland. (I do not have the sections beyond Iceland.) They must have been used by you on our B-24 trip to Casablanca as this was the only flight I made over the

North Atlantic. If you would
care to have them for your own
interests, I would be happy
to send them to you. Just let
me know.

Jucette and I are both
doing well - just getting older.

We wish you a very happy
Christmas and a great New Year.
