SWORN STATEMENT

D. ANDRE C R FEHER

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

Reference is made to my investigator's statement dated 17 December 69, which reflects the interview of Nguyen Thi BAY in the US Army hospital at Chu Lai, Republic of Vietnam. BAY during the interview was at times in considerable pain. She was confused about directions and distances. Considerable time was spent to determine the place where the incident on 16 March 68 occurred. BAY could not read the map shown to her. (Army map, Quang Ngai, Vietnam 1:50,000) As a first reference point to determine the place of the incident, the Song Tra Khuc River was used. By using the direction where the sun rises (East), it was ascertained that the incident happened north of the river. BAY then stated that the incident happened one kilometer north of the aforementioned river. Assuming that the distance mentioned by BAY was correct, then the incident should have happened at Co Lay (2). This investigator then asked if there was a hill about one KM from her home, to which, BAY answered in the affirmative. When asked if the name of the hill was Nui Ngang, BAY again answered in the affirmative.

Therefore it was in the mind of this investigator fairly well established that Co Lay (2) must have been the location of the incident. However BAY could have been in error as far as the distance from the river was concerned and that the place of the incident was farther north. BAY herself did not mention the hill (Nui Ngang) by name.

On 15 Dec 1969 when this investigator was informed that BAY was in the hospital, a subsequent conversation with SP5 Peter C DARBY, SSN: 517-56-8615, 635th MI Det. Americal Division, APO SF 96374, revealed that during the incident BAY was residing at My Hoi, a sub-hamlet of Cu Luy (See case progress report FEHER, dated 15 Dec 69).

On 17 Dec 69, during the interview of BAY and by deduction of this investigator the incident was placed at Co Lay (2). Case progress report of FEHER, dated 17 Dec also reflects My Hoi as the place of the incident. This investigator at the time of the interview was not familiar with the names of the several sub-hamlets comprising Cu Luy, and subsequently had to use reference points in order to arrive at a location where the incident occurred. The names of sub-hamlets did not appear on the map used during the interview of BAY. It has to be pointed out that during interviews, the Vietnamese will not furnish information unless asked. Past experience has also shown, that at times the Vietnamese have the tendency to try to please the person that is questioning them. This investigator attempted to pin point the location of the incident. Nui Ngang Hill was repeatedly mentioned to BAY. This might have accounted for BAY stating that Nui Ngang Hill was approximately one kilometer west of her home, when in fact her home was located farther North. The word "hootch" mentioned in my statement dated 17 Dec 69 is commonly used by Vietnamese interpreters to denote hut or house.
