

In presents of Captain Jim Lane,
Captain Norman Cooper, and my family
I'm making a sworn statement on 8th of
November 1970.

About my statement dated 6th October
1969 given to Mr Jack Byers CID agent
shown to me by Captain Lane. He put
words in my mouth about My Lai and
I don't remember anything what happened.
It's been so long since it happened.

I remember seeing Fares and Hutto
at My Lai but don't remember seeing
them during anything.

I don't remember of seeing
Hutto or Fares shooting anybody.

This was a sworn statement I
just made. Statement on 6 Oct 69 I
was trying to get rid of them.
