Jim -

Without fail, do the following:

1. Be sure that we have copies of every statement made by the govt. witnesses at any time. The set you gave me does not appear complete.
2. ~~Then~~ Thoroughly brief govt's requirement for corroboration of Hutto's statement. Compare the witness statements with Hutto's statement and a map of the village in view of Judge Howard's ruling limiting the govt. to one location. Be prepared to argue fatal defects in govt. evidence.
3. Get the jury charges - not the charges in the Mitchell case. Your friend sent a copy of the charge sheet. This is very important. - INSTRUCTIONS -
4. ~~Then~~ Obtain a certified copy of Charles School transcript or get Capt Durtzel to agree the one you have.
5. Get some extenuation and mitigation lined up.
6. Have one complete set of peers available when I get there -
Do it NOW!
