They only one I have a Point-of-Contact listed for is:

1st TC Bn (Seaborne) USNS Corpus Christi Bay

Mr. Peter Kallinikos

500 Riverside Aver

Lyndhurst NJ 07071-2616

<http://www.webtv.com>

That info is from E-Mail 13 Feb 98.

Someone **MAYBE** representing those unit's **WITHIN** the ATA BUT they don't have a Point-of-Contact listed on the Army Homepage <<http://www.army.mil/vetinfo/vetloc.htm>>. So if someone is looking for the unit they will not show up. If you would like to be listed as the POC for any unit's, please send me the following info:

UNIT: (Time frame)

NAME:

ADDRESS:

PHONE:

FAX:

E-MAIL:

PUBLICATION:

I'd add you to the listing.

BEN

Ben: Thanks for the input. What do U mean "No point of Contact" for the 34th Gen Spt Gp? Does that mean NO ONE is representing this unit in the ATA? Since there were 5 Bn's Assigned to the 34th I am surprised that none have represented the 34th. I do suppose there are POC's for 4/13/99

each of the Battalion. We had the 14th, the 58th, 520th, 765th TC Bns with the 1st TC as a Seaborne Bn and supported the 5th TC of the 101st Abn, and the 15th TC Bn as the 1st Cav Div. Can you tell me if any of these units have PCO's? Appreciate it. [REDACTED] worldnet.att.net
