MG Andy Anderson

Dear General Anderson,

On behalf of the nurses of Cu Chi's 12th Evacuation Hospital, I want to thank you for inviting us to attend the 25th Infantry's reunion in Hawaii. We were delighted to be part of your celebration and to see so many familiar faces. In some ways it felt like being home again.

We were also thrilled that you invited our colleague, Annie Cunningham, to unveil Lynn Liverton's statue of the Vietnam soldier. We were deeply honored, and extremely proud of her.

Please extend our gratitude to all who made the reunion possible and who turned it into such a huge success. We're proud to be a part of the 25th's family and its rich history.

Our appreciation, too, goes to all the young men and women who currently serve in Iraq. We empathize with them and wish them well.

Until our paths cross again, I remain

Sincerely yours,

Beth Parks, Ed.D.
