COORDINATED SHIPBOARD ALLOWANCE LIST

GROUP NAME PORTABLE ELECTRICAL TESTING AND MEASURING EQUIPMENT

PART: II B

GROUP: II DATE 1 July 1966

SECTION: B

GENERAL INFORMATION

1. Complete instructions concerning the use of this COSAL are contained in BUSHIPSINST 4441.33C of 28 Feb. 1962. In accordance with NAVSHIPS 900,135(D), test equipments listed in this section of Buships COSAL are not to be reported on NAVSHIPS 4110.
2. Use Column 1 in this part of COSAL represents a test equipment allowance developed on an individual ship basis, and consists of the test equipment required to meet the repair and maintenance requirements for the installed electronics equipment. Use Columns 2, 3, 4 and 5 represent other test equipment requirements computed on a Class basis.
3. Definition of Use Column designations are as follows:

Column 1	Electronics equipment maintenance
Column 2	Electrical equipment maintenance
Column 3	IC and Gyro-equipment maintenance
Column 4	Fire Control and Guided Missile equipment maintenance
Column 5	Nuclear Reactor Instrumentation and Control Equipment Maintenance
4. Requests for modification to Column 1 of this COSAL must be accompanied by complete justification on types, quantities, and locations of installed electronics equipments for which test equipment is required. Requests for modification to other columns should indicate Use Column for which a modification is required.
