COMSTS INSTRUCTION 3123.5E CHANGE TRANSMITTAL 3 #

From: Commander, Military Sea Transportation Service
To: Distribution List

Subj: MSTS Movement Report Instructions

Ref: (a) COMSTS MSG NOTICE 131943Z APR 67

Encl: (1) New pages 1, 2, 5, and 6

RECEIVED

MAY 19 1967

USNS POPE T-AP110

1. Purpose. To transmit change 3 to COMSTS INSTRUCTION 3123.5E.

2. Background.

a. Subject Instruction, as written, assigns to masters the responsibility for originating movement reports but does not delineate responsibilities in the case of actual Naval Control of Shipping Organization classified (non-exercise) routing. As a result, in at least one case an MSTS time-chartered ship, sailing under actual NCSORG classified routing, filed an unclassified movement report in error. Change 3 clarifies this matter in order to preclude future errors.

b. Change 3 incorporates the change promulgated by reference (a).

3. Action. Remove present pages 1, 2, 5, and 6 and insert enclosure (1) as appropriate.

4. Cancellation. This Transmittal is cancelled when the changes have been made.

Acting Chief of Staff
