Subj: Safety meeting

1. A safety meeting for eleven (11) men of the Deck Department was held between 1300 and 1345 on 24 January 1969.
2. The article entitled, "UNLIFTING" from the August 1968 issue of Safety Review was read and discussed.
3. PERKINS, an able seaman remarked that some areas of ships both USNS POPE AND WEIGEL were dimly lighted. He and others present were reminded these ships were not in FOS and I further reminded our men it would be wise to carry a flash light as part of their everyday work year.
4. Our discussion of safety today included conditions on ships POPE AND WEIGEL.
