Subj: Report of Command Safety Council; action on

OCT 7 1969

Encl: (1) Command Safety Council Meeting; report of

1. The report of the Command Safety Council Meeting of 23 September 1969, enclosure (1), is approved. Management plans a work program with fixed goals or else permits other results to occur through inadequate planning. Casualties of all types result from unplanned circumstances. When an accident occurs, management must find out why it happened and plan similar accidents out of future operations. Promulgation of this report serves the purpose of expressing my concern for your safety and for directing managerial action to achieve safer operations.

2. I commend and thank personnel of the following ships and shops that had no disabling work injuries during the quarter for their accident prevention efforts. Well Done!
