Pursuant to the notice of proposed rule making published in the **FEDERAL REGISTER** of February 10, 1966 (31 F.R. 2802-2814), and the Merchant Marine Council Public Hearing Agenda dated March 21, 1966 (CG-249), the Merchant Marine Council held a Public Hearing on March 21, 1966, for the purpose of receiving comments, views, and data. The proposals considered were identified as Items I to XII, inclusive.

This document is the fifth of a series regarding the regulations and actions considered at the 1966 Public Hearing and Annual Session of the Merchant Marine Council. This document contains the actions taken with respect to Item IXc—*Lights for moored barges* in the Item IX—Rules of the Road. The proposals designated IXc, as revised, are approved and set forth in this document. The actions of the Merchant Marine Council with respect to comments received regarding these proposals are approved. The major change concerned the proposal to permit omission of lights on moored barges entirely when in the Illinois River north of Brandon Lock and Dam at Joliet, Ill. It was modified to permit omission of lights only in well-lighted areas. The regulations identify the areas where such lights may be omitted.
