APPENDIX A

SHIP AND AIRCRAFT DISTRESS SIGNALS

(International Convention for Safety of Life at Sea (1948) effective Nov. 1952)

When a vessel or seaplane on the water is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, namely:—

- (1) A gun or other explosive signal fired at intervals of about a minute.
- (2) A continuous sounding with any fog-signal apparatus.
- (3) Rockets or shells, throwing red stars fired one at a time at short intervals.
- (4) A signal made by radiotelegraphy or by any other signalling method consisting of the group SOS in the Morse Code.
- (5) A signal sent by radiotelephony consisting of the spoken word "Mayday."
- (6) The International Code Signal of distress indicated by N.C.
- (7) A signal consisting of a square flag having above or below it a ball or anything resembling a ball.
- (8) Flames on the vessel (as from a burning tar barrel, oil barrel, etc.).
- (9) A rocket parachute flare showing a red light.

The use of any of the above signals, except for the purpose of indicating that a vessel or a seaplane is in distress, and the use of any signals which may be confused with any of the above signals, is prohibited.

NOTE.—A radio signal has been provided for use by vessels in distress for the purpose of actuating the auto-alarms of other vessels and thus securing attention to distress calls or messages. The signal consists of a series of 12 dashes, sent in 1 minute, the duration of each dash being 4 seconds, and the duration of the interval between 2 consecutive dashes is 1 second.

AIRCRAFT SIGNALS WITH SURFACE CRAFT

(Annex 12 to the Convention on International Civil Aviation)

When it is necessary for an aircraft to direct a surface craft to the place where an aircraft or surface craft is in distress, the aircraft shall do so by transmitting precise instructions by any means at its disposal. If such precise instructions cannot be transmitted or when necessary for any other reason the instructions shall be given by the following procedures performed in sequence:

- (1) Circling the surface craft at least once.
- (2) Crossing the projected course of the vessel close ahead at a low altitude, opening and closing the throttle or changing the propeller pitch.
- (3) Heading in the direction in which the surface craft is to be directed.

Repetition of such procedures shall have the same meaning.

The following procedure performed by an aircraft shall mean that the assistance of the surface craft to which the signal is directed is no longer required:

- (1) Crossing the wake of the vessel close astern at a low altitude, opening and closing the throttle or changing the propeller pitch.

APPENDIX B

PILOT SIGNALS

The following signals, when used or displayed together or separately, shall be deemed to be signals for a pilot:

IN THE DAYTIME.

1. The International Code Signal G signifying "I require a pilot."
2. The International Code Signal P. T. signifying "I require a pilot."
3. The Pilot Jack hoisted at the fore.

AT NIGHT.

1. The pyrotechnic light, commonly known as a blue light, every 15 minutes.
2. A bright white light, flashed or shown at short or frequent intervals just above the bulwarks for about a minute at a time.
3. The International Code Signals P. T. by flashing light.

(337)

APPENDIX C

QUARANTINE SIGNALS

The following signals are to be shown on arrival by vessels requiring or required to show their state of health:

IN THE DAYTIME.

Q flag—*signifying*----- “My ship is ‘Healthy,’ and I request free pratique.”

Q flag over first substitute (QQ)—
signifying----- “My ship is ‘Suspect’; i. e., I have had cases of infectious diseases more than five days ago, or there has been unusual mortality among the rats on board my ship.”

Q flag over L flag (QL)—*signifying*----- “My ship is ‘Infected’; i. e., I have had cases of infectious diseases less than five days ago.”

BY NIGHT.

Red light over a white light—*signifying*.. “I have not received free pratique.”

(Only to be exhibited within the precincts of a port. The lights should not be more than 6 feet apart.)

APPENDIX D

TOWING SIGNALS

To be used only when towing and being towed.

These signals are to be made—

BY DAY.—A single flag, which may be exhibited by being held in the hand or by hoisting at the stay or fore shrouds, or at the gaff, according to circumstances.

BY NIGHT.—By flashing light, care being taken not to confuse other ships.

BY THE SHIP TOWING

- A** Is the towing hawser fast?
- B** Is all ready for towing?
- C** Yes (or Affirmative).
- D** Shorten in the towing hawser.
- E** I am altering my course to starboard.
- F** Pay out the towing hawser.
- G** Cast off the towing hawser.
- H** I must cast off the towing hawser.
- I** I am altering my course to port.
- J** The towing hawser has parted.
- K** Shall I continue the present course?
- L** I am stopping my engines.
- M** I am keeping away before the sea.
- N** No (or Negative).
- O** Man overboard.
- P** I must get shelter or anchor as soon as possible.
- Q** Shall we anchor at once?
- R** I will go slower.
- S** My engines are going astern.
- T** I am increasing speed.
- U** You are standing into danger.
- V** Set sails.
- W** I am paying out the towing hawser.
- X** Get spare towing hawser ready.
- Y** I can not carry out your order.
- Z** I am commencing to tow.

BY THE SHIP TOWED

- A** Towing hawser is fast.
- B** All is ready for towing.
- C** Yes (or Affirmative).
- D** Shorten in the towing hawser.
- E** Steer to starboard.
- F** Pay out the towing hawser.
- G** Cast off the towing hawser.
- H** I must cast off the towing hawser.
- I** Steer to port.
- J** The towing hawser has parted.
- K** Continue the present course.
- L** Stop your engines at once.
- M** Keep away before the sea.
- N** No (or Negative).
- O** Man overboard.
- P** Bring me to shelter or to an anchor as soon as possible.
- Q** I wish to anchor at once.
- R** Go slower.
- S** Go astern.
- T** Increase speed.
- U** You are standing into danger.
- V** I will set sails.
- W** I am paying out the towing hawser.
- X** Spare towing hawser is ready.
- Y** I can not carry out your order.
- Z** Commence towing.

The meanings of these signals are not in all cases the same as those of the single-letter signals on page 34.
