To: Distribution List

Subj: Report of Command Safety Council; action on

Encl: (1) Command Safety Council Meeting; report of

1. The report of the Command Safety Council Meeting of 11 December 1963 is approved and the recommendations are to be carried out. Masters concerned are to report compliance with recommendation 7.b in their next safety committee meeting report.

2. I am deeply grieved whenever an employee or other person entrusted to my care is injured and I am greatly perturbed when the injury results from an accident due to unsafe conditions or other supervisory shortcomings. Similar concern is expected of commanding officers and masters sharing this responsibility.

3. Safety of personnel and safe operations are essential to the successful accomplishment of the mission of this command. Proper attention to safety will result in elimination of most accidents that would otherwise occur. Full support of our safety program by everyone in the command is expected to safeguard the lives and well being of passengers, crews and other employees and to minimize costs incident to accidents.

4. It is a pleasure to acknowledge the outstanding safety record of the following ships and shops and to commend the personnel concerned for their notable accomplishment. Their effective accident prevention efforts, exemplary of the type of safety support desired, are appreciated. Thank you and Well Done:
