Subj: Report of Command Safety Council, report of

1. The report of the Command Safety Council Meeting of 29 March 1962 is approved and the recommendations to achieve safer operations are to be carried out.
2. I am deeply concerned for the safety and well being of all persons assigned to this command and for all passengers entrusted to us and expect that each of you will be diligent in translating safety policy into intelligent action in all matters under your jurisdiction.
3. I take pleasure in acknowledging the outstanding passenger safety record of the PATRICK and commend the master and crew for their effective support. Well Done!
4. It is a pleasure also, to note that the BARRETT and CORE earned the Command Safety Award for industrial safety achievement in ships in 1961. The masters and crews are commended for their excellent achievement. Well Done!
5. The master and crew of the following ships are commended for maintaining perfect safety records in 1961:

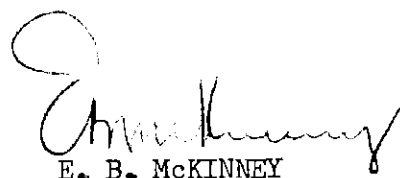

HARRIS COUNTY  
RANGE TRACKER

WATERTOWN  
ALATNA

The HARRIS COUNTY also received national recognition by earning the National Safety Council Perfect Ship Safety Award for 1961. Well Done!

6. I am most perturbed that a number of accidents reflect discredit upon the supervisors concerned for failure to correct unsafe conditions. Responsibility in this matter is clear. Unsafe conditions that can be corrected will not be tolerated and the immediate supervisor on the job is responsible for taking or initiating corrective action.
7. The information contained herein is to be disseminated to all hands. A copy is to be posted for information on official bulletin boards.
