Terry,

Let me see if I can find this on my fbi VVAW cd's so I can take a better look at it. I'll look at the web site(want to bet somebody records who looks at it).Yes, you missed the partying. I'm still confused as to when and where John(if he was there-Cathy wasn't sure he went, now I'm not, but I was sure he was there, ha, ha) and I arrived. No, damn it I had quit smoking pot yrs before, but like many things during that period, the memory is clear sometimes and sometimes it is a fog.

I have a memory of when and where the "phoenix" discussion took place. John Kerry definitely never any part of it. And yes there were VVAW people present. It turned out to be a mostly "academic" discussion. Pros and cons, ramifications, would it ever be necessary, political fall out, etc, etc. That is my story and I'm sticking to it.

I saw part of the KC meeting on the fbi cd I have, but don't remember some of the things you have seen(ie pot) on the website. It is possible that the fucking shrubites, roviens and christian taliban have had nothing better to do than to organize the fbi docs. The files are not too well organized on the cd's.

There may have been a meeting at a student center, but most of meeting was connected with a church - maybe a student center there? I do remember drinking Boones Farm with Kerry's wife out on the grass. We may have gotten there late.

Lemmer was present at "parties". Kerry was not. I don't remember a chunk, but my bet would be a "brick", although I don't have any memory of pot being present in a quantity like that. There was always pot around, but I believe that I would have remembered someone producing a "brick". I don't believe that any of us had enough \$\$ in those days to give away a brick.

I don't know how much the swift boat liars will try to make of the KC meeting, to the best of my knowledge, it never really went anywhere during the campaign. Even the fucking rednecks here never mentioned it.

The swift boat liars are just a small part of the rovirian/christian taliban long term program to take over America. They have been planning since tricky dick was

kicked out and are now seeing their long term planning coming to fruition. It does not matter how many times you prove them to be liars and wrong, they will just continue on as if nothing has happened. It has been their program for years and it is working. Tell the lie enough and loud enough and people will believe.

I'll get back to you asap after I read the docs.

Always watch 6.

Wayne
