**Issues/Agenda:**

New DOCs/UMDs for 10 AF Units/4CTCS—Docs have been forwarded to our mission planner and should be pushed within the next 60 days  
Memorandum of Agreements for 6KPWS and 6KPWP—MOA's are going well, INTEL is very cooperative when it comes to MOA's, 1CTCS had to come aboard kicking and screaming but they are on-board with all MOA's  
Unit cross-training between Multimedia Units/Combat Camera/AFRC Production Unit—440 CF provided much needed support for 4CTCS this past year. If you have people who looking for some good training and a place to use their annual tour please contact me and I will see if I can set something up. —

MANDAYS support (3V0X3)--who needs it (AFRC Production Center)/who can fill it (Maybe 4CTCS)
