COMMANDER'S MESSAGE

I wish to announce at this time that our National Adjutant of many years, Bill Dunphy, has resigned and he will be sorely and truly missed. Bill earned the respect and friendship of most everybody that he came in contact with. He was dedicated to his work and always did more than was expected of him. The accolades could go on and on and fill a book, so I will say THANK YOU BILL!

By the time you receive this Newsletter the Clambake will have gone by the board and the Christmas Party will be just around the corner. Information on that will be found elsewhere in the Newsletter.

Please help the people that chair our various functions by sending in your reservation before the requested deadline. This makes for an accurate head count and saves an awful lot of extra running around that sometimes lead to problems.

Your Commander received a very nice letter of thanks from Bob Klokis, our good Samaritan in Pennsylvania. I know of some members that sent him money, which he promptly returned.

He did accept a copy of 'UNDER THE SOUTHERN CROSS' and a baseball cap. It was a very small price to pay for so much kindness.

Bob Thornton
National Commander

IN MEMORIUM

Dear Bernie :

I realize you will not require the usual official notification on Joe Marotta's passing. I am writing this little note just to share a few thoughts of Joe with you.

I'm sure we both knew for some time that Joe was not long for this world, but in spite of that his death is very hard for me to accept. Somehow I guess I saw sort of a "father figure" in Joe during my membership in the Cape Cod Chapter. I always felt I enjoyed a special friendship with him. I well recall during the last meeting he attended that I was at, he maintained a very "amused" and appreciative look on his face when I gave that rambling account of memories of the 164th Infantry. It had been sorta triggered by the recent account in the Americal Newsletter. That is just one of many memories I will cherish of Joe.

I have sent a contribution to the American Heart Fund in memory of Joe, also a sympathy card to Mrs Marotta. However please include me in anything of that nature to be done by the Chapter.

Kindest regards,

Art. Chapman

Art, Joe was a tremendous worker for both National and the Cape Cod Chapter. He will surely be missed by all our members.

Mr. Chase

I'm writing to inform you of the death of Clarence Galetti. He was a member of "K" and "L" Company of the 132nd Infantry.

Clarence was also the Public Relations man for the 132nd Infantry Reunions. We depended on him for all the video taping of our events.

You'll probably get a few more letters from the committee members on this, but I thought I would write and let you know. I was one of the bar tenders at our last reunion that you attended. Thanks again for the tie clip.

As ever,

Dick Schubert

Thanks for the information Dick. You and your partner did a great job at the 132nd Reunion.

THE CLOCK OF LIFE

The clock of life is wound but once
And no man has the power
To tell just when the hands will stop
On what day - or what hour
Now is the only time you have
So live it with a will
Don't wait until tomorrow
The hands may then be still

MAY THEY REST IN PEACE

THANKS

To the ADVA Family;

I would like to thank all of you for your phone calls, card, and prayers during my illness.

YOU ARE TRULY THE FINEST!

It will be quite some time before I get back in stride, but I'll make it. Again thanks!

FAR WEST NEWS

In early November there will be a dedication of the California Vietnam Veterans Memorial at the State Capitol at Sacramento, CA. A date has not been published at this time, but will be announced later. I am suggesting that as many Americal veterans as possible attend this dedication as a group. Arrangements will be made to have the Americal colors available for the event. If there is to be a parade, arrangements will be made to march with our colors. I will need some indication of how many plan to attend, so drop me a post card or call me.

The last Newsletter indicated some activity for September in the Bay area. Unfortunately, before I could get plans together I was scheduled for major heart surgery on August 11th and will be recuperating will into August and part of September.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

In the May-June issue of the newsletter, there was an item about the Bronze Star Medal being authorized for all men who earned a Combat Infantry Badge during WW2, Korea, or Vietnam. Executive order 9419 authorizes the award only for WW2 vets. Korea and Vietnam vets are not eligible for this special award.

ADVA member Joe O'Brien spotted the error and wrote to us with documentation supplied by the Department of the Army. In a letter to Joe by the Military Awards Branch, LTC H.M. Rangel, stated that there were valid reasons for limiting the special award to WW2 vets. At the end of WW2, General Marshall was concerned that many deserving combat veterans had been overlooked for recognition because the Bronze Star had not been established until February 1944 (more than two years after WW2 began). To alleviate this problem, a special provision was established in 1947 so that any soldier who had been cited for "exemplary conduct in ground combat" was eligible to receive a special award of the Bronze Star. The citation could be in the form of a citation in orders, a certificate, or orders awarding the CIB or Combat Medical Badge (since the initial criteria for these badges required "exemplary" conduct). This provision was not extended to veterans of subsequent conflicts because field commanders were fully aware that the Bronze Star was available for award at their discretion during the entire period of hostilities. Therefore, a written recommendation for the award was essential to ensure that all awards were properly justified.

VETS STILL PURSUING JANE FONDA

From S.J. Nichols in New York, we hear that a coalition of state veterans groups is calling on Congress to investigate whether treason charges should be brought against Hanoi Jane because of her 1972 trip to North Vietnam. If probable cause is found, she is to be tried in US District Court.

The vets group is called the Connecticut Veterans Coalition Forum. Hanoi Jane's spokesman calls them "a tiny desperate minority which will only backfire on all veterans".

Just in case any of you old grunts are in a mood to write to Hanoi Jane and let her know where you stand, her address is printed below. I tried it and was quite surprised when I received a response from her secretary.

Jane Fonda

Los Angeles, CA. 90049

In the May-June issue of the newsletter, we listed new member, Michael Brown as being a veteran of the 198th Light Infantry Brigade. Mike wants everyone to know that he thinks the 198th was a good outfit but his service was with the 196th Light Infantry Brigade. The newsletter staff regrets the error.

Dear Ron;

Enclosed is an article from STAR magazine, August 2nd., describing Hanoi Jane's daughter's activities in Nicaragua. I doubt whether Hanoi Jane was sincere in her public apology on television. Even if she used her influence to free any living American POWs I might accept her belated apology, but never forget her collaboration with the Vietnamese communists.

In case you or the other veterans have not yet read the enclosed article, I'm sending it to you.

Sincerely,

Al Cotta, 121 Med Bn

Editor's note: I thank Al for sending the news item on Hanoi Jane's 19 year old daughter. The article is too lengthy to reprint in the newsletter. To be brief it described how Vanessa, a junior at Brown University, recently returned from her second trip to Nicaragua where she has worked on a building project, hauling wood. She is quoted by the STAR as saying "What I'm doing is different from what my mother was doing in Hanoi. At the time my mother thought she was making a humanitarian gesture. I'm not trying to make a statement. I'm just trying to help build a school and clinic for an individual town."

F. Clifton Berry's latest book, CHARGERS, is out and being well received by former members of the Americal Division. I obtained a copy from well known donut-dolly and ADVA member, Larry Hines. I noticed that the donut-dollies were not forgotten in this book. It features three photos of Larry wearing that familiar light blue dress standing outside the Charger Hotel and the firebase of the 3/21st Infantry (Gimlets). I have not completed reading the book yet but just fanning through it I noticed interviews with a couple of ADVA members that I've been fortunate enough to personally meet at one or more of our hospitality rooms. Gary Noller and Andy Olints are two of them. Better get your copy in a hurry before they sell out. To order one call 1-800 223-6834 ext. 9479. The cost is approximately \$7.00

Mr. Berry is an ADVA member who served with the 196th as operations officer during 67-68.

Poster petitions are coming in regularly but we need more. By a vote of 96 to 1, the Senate passed S. 2042. The House Bill had 219 co-sponsors when it went to its Sub-Committee hearing on June 21st, but a new bill (HB 4870) was introduced. This bill has the same language as the Senate Bill and will eliminate the need for a Senate-House Compromise Committee and further delays. However, each one of the 219 House members must be contacted to co-sponsor the new bill and we still need the rest of the members of the House to agree to co-sponsor. We have found that many members of Congress are supportive once they have been contacted and the intent of the bill explained to them. In many cases, just one call from a constituent was enough. So please pick up the phone and call. This bill will hopefully come before the full House in September.

The above update on the VWMP was supplied by an Americal Donut-Dolly, Linda Wilson.

Dear Sir:

Enclosed is a check for \$16.00 for a years membership.

I did not know there was such an Association, until I met a Pete Davenport, and he gave me a copy of your Newsletter, where I got the application, and I might add I enjoyed your Newsletter.

I was with Co. A, 1st Bn., 6th Inf. Reg., 198 LIB in Vietnam from October 1967, to May 1968. I would appreciate all the history you have on the 198th, and a couple of bumper stickers.

Thank you,

DO YOU KNOW THIS MAN

Dear Members;

SP/4 Joe Cooper was a grunt with the 196th for several months, including Tet 68' on the DMZ. In Fall of 68' he transferred to Division HQ and became our driver. But Joe was much more than that. He was our caretaker, big brother, and part of the team. While we were forward every day, Joe was picking up supplies, going to the PX or post office, bottle feeding the baby kitten we found at the Montagnard village or putting our programs together. He coordinated our trips in pairs to the three hospitals every Saturday and flight line run with coffee urns on the back of the truck. He did many things above and beyond, like riding shotgun as we drove down highway 1 to visit Marine CAP units. Joe was special to us and we'd like to find him. All we can remember now is that he returned to California in March 69 (DEROS and ETS). If anyone can help us, please contact Linda Wilson at PO Box 4011 Arlington, VA. 22204

Dear Mr. Buckle;

First. thank you so much for the last 3 editions of the Americal Newsletter. It has been a pleasure and an honor to receive and read this newsletter. I first became aware of the newsletter from Roland Castronova, a dear friend of mine.

If at all possible, would you please include the following notice in the next edition of the Americal Newsletter.

I am trying to contact anybody serving in the same platoon as my brother. My brother was killed in Vietnam on February 25, 1968.

With the help of the Americal Division Alumni, I feel confident I will make contact with someone who served with in Vietnam during the period my brother was there.

Anything that you can do to help locate my brother's comrades will be greatly appreciated.

**NEW JERSEY AGENT ORANGE COMMISSION**

Trenton, New Jersey 08607-1717

TO: WOMEN WHO SERVED IN THE REPUBLIC OF VIETNAM BETWEEN 1960 AND 1973 (MILITARY, RED CROSS, MISSIONARIES, AND OTHER CIVILIANS)

FROM: The Women's Advisory Committee of the New Jersey Agent Orange Commission

The purpose of this open letter is to solicit the participation of women who served in Vietnam during the war years in a research study being organized by the New Jersey Agent Orange Commission.

This initial study will focus on problems of reproduction such as spontaneous abortions, still births, infertility, birth defects, and early menopause. We, as the Advisory Committee, along with the staff and researchers associated with the Commission recognize that there are other problems that are not reproductive in nature. This study is therefore a starting point, and other work will be undertaken in the future.

In addition to women who have had reproductive problems, we need women who have had no problems at all as well as women who to the best of their knowledge have had no exposure to Agent Orange.

The primary researchers of the study are Dr. Peter Kahn of Rutgers University, Dr. Michael Gochfeld of the University of Medicine and Dentistry of New Jersey-Robert Wood Johnson Medical School, and Dr. Christoffer Rappe of the University of Umea in Umea, Sweden. Dr. Rappe is an expert in dioxin chemistry, and one of the principal features of the study will be the measurement of body dioxin levels of the research participants. The first phase of Commission sponsored research was published in the Journal of the American Medical Association in the issue of March 18, 1988.

TRAGEDY AVERTED BY 196TH 'CHARGERS'
by Capt. George F. Bennet

LZ HAWK HILL, (196 Inf Bde 10) - Courageous actions and sharp wits were instrumental in averting a tragedy recently by 15 "Chargers" of the 196 Infantry Brigade.

The Reconnaissance Platoon, 1st Battalion, 46th Infantry, had just departed their Night Defense Position (NDP) on a routine search and clear mission when their training was put to the maximum test.

The platoon led by 1st Lieutenant Carl D. Hewitt III of New Johnson, Tenn., had gone only 100 meters when the explosion of a Chicom grenade rang through the air. This combined with the crack of AK-47s alerted the platoon that they were in the heart of an enemy ambush zone. In addition to the flying bullets, enemy whistles were sounded as the VC prepared to assault.

Initially the fire was so strong that when they hit the ground, each man was convinced that he was the only survivor. This immediately was recognized as an error when their instincts and training enabled the platoon to return fire and repulse the attack. Not only did they repel the advance, but they were also credited with five confirmed kills, out of enemy of unknown size. I rebuffing the charge each soldier displayed true valor.

An estimate was made by Sgt. Jack Farmer of Monterey, CA, the platoon sergeant. "I returned fire with my M-16 -- started throwing frags and directing the fight," Farmer said. "I also went to bring up the pig (M-16 machine-gun)."

Once the initiative was regained, S/Sgt. Frank S. Ferguson of Los Angeles, a 3rd tour volunteer, maneuvered his machine-gun into position. He leveled a devastating curtain of fire upon the enemy, which gained fire superiority for the platoon.

Sgt. Ervin E. Powell of New Washington, OH hasn't been in the field long enough to receive his CIB (Combat Infantryman's Badge) yet his quick thinking and aggressiveness enabled him to save the life of a platoon member.

Powell saw a VC discard his AK-17 and pick an injured Medic's M-16. Powell immediately shot the VC and proceeded to administer first aid to his wounded comrade.

Reinforcements were airlifted into the area of contact. However, the enemy knew he had met the "Professionals." He rapidly broke contact and evaded. The members of the platoon, all volunteers, were later awarded four Silver Stars, nine Bronze Stars for valor, and two Army Commendation Medals for valor.

COVER STORY

On August 7, 1942, the United States Marines invaded the island of Guadalcanal--the first offensive ground action of American forces in World War II.

During the bitter six months campaign that followed, every branch of the United States Armed Forces became involved in the struggle to push the Japanese into the sea.

The battle of Guadalcanal was historic because it here that the Japanese Army suffered its first defeat since it began offensive action in China in 1932. During these many years Japan's Army had rolled across China, attacked Pearl Harbor, the Philippines, Indo China, the Malayan Peninsular, Dutch East Indies, New Guinea, New Britain, Northern Solomons, dozens of lesser known islands and had never tasted defeat.

But the Japanese Army was defeated and from here the United States Armed Forces started on that long road that ended in Tokyo.

Shortly after the end of World War II an organization was created by the men and for the men that fought on Guadalcanal, in the sky above Guadalcanal, and on the waters that surround Guadalcanal. This organization is -- **GUADALCANAL CAMPAIGN VETERANS** -- If you are eligible to belong and you do not, you should. the person to contact is:

On August 7, 1988, forty six years after the invasion, the Guadalcanal Campaign Veterans organization dedicated a Museum in Kalamazoo, Michigan.

The picture on the cover is that of a monument that was erected in front of the Museum.

As you all know, during the time the Marines were landing on Guadalcanal, the Americal was on alert in New Caledonia.

The Navy had a bad time of it following the invasion of Guadalcanal and because of the loss of carriers and the loss of four heavy cruisers in one night, they withdrew taking with them much needed Marines supplies that they had been unable to unload.

The waters around Guadalcanal were not safe waters to take a convoy into and it was not until October that more troops were sent to support the Marines.

On October 13, 1942, the 164 Infantry Regiment landed on Guadalcanal take their place beside the Marines and in so doing were the first United States Army ground unit to take offensive action against the Axis powers in World War II -- that put the Americal Division on the road to Tokyo.

About the same time that the 164 Infantry landed on Guadalcanal, Admiral 'Bull' Halsey took over command of the South Pacific area and then things began to happen.

GUADALCANAL -- 46 YEARS LATER

It was quite a trip! We flew from O'Hare to San Francisco, then to Honolulu, then to Fiji, (Nadi Airport--or Nandi as we knew it) and finally to Henderson Field, Guadalcanal.

The three day stay in and near Suva was neat. They are some beautiful resorts on the beaches. I stayed at the Travelodge, next door to the old Grand Pacific Hotel. (Remember it well from my visit to Suva after leaving the 'Canal in April of 1943). While in Suva I purchased some cultured pearls and black coral necklaces for the ladies of the household.

One evening while in Suva, the tour group were guests of the Returned Services League--similar to our VFW or American Legion. I had an interesting conversation with a former Fijian Scout and an Aussie who served on the 'Canal in 1942-43. Beer and d'oeuvre's were served all during the evening. Melanesian farewell songs closed the festivities.

Arrived at Henderson Airfield on 8/4/88. I was very surprised at the very small terminal. Several plaques, dedicated to the Army Air Corp, were on the wall of the terminal building and just outside of the entrance were several monuments to the Marines. As we bussed to Honiara, we stopped at the old rusting dump containing Amphibious Tanks and then on to 'Invasion Red Beach'. Really nothing there--an old Jap artillery piece--no markers, no monuments, no signs, no directional arrows, --no nothing! I took a long distant look at Savo Island, Iron Bottom Bay and Florida Island.

The next stop was the abandoned Fighter Strip on Koli Point. The cement runways are still intact. After a trip over a very poor road, a stop was made at Edson's Bloody Ridge. Here there is a six foot marker. Not much for a great battle! Bussed over the Lunga, Alligator Creek, Ilu, Tenaru and Matanikau rivers. Then off to Mount Austen to see the impressive 4 story Jap monument and Peace Park. Finally to Hotel Mendana for a much needed rest.

The evening featured dinner at the Laperouse Restaurant, just west of the Mendana. The dinner guests were 'Jock' Stevenson, our architect on Guadalcanal, and Bob Reynolds, head of Valor Tours.

The next day we talked to a group of Aussie GI's who were part of a bomb demolition team. By using detectors and information supplied by the Islanders, the team is locating and destroying old ammo dumps, bombs, grenades, and shells.

Bussed toward Cape Esperance and located a Sherman tank deep in the jungle (named Jezebel). Then to a nearby beach to view the remains of a Jap transport and we next visited Fred Kona's World War II Outdoor Museum and saw all of the debris of war: parts of planes, artillery, machine guns, shells, etc. Viewed the GVC monument alongside the Jap monument--very impressive. Fred Kona then served refreshments under wet palm leaves. This included watermelon, bananas, mangoes, coconuts--fresh from the jungle! Continues next page

GUADALCANAL 46 YEARS LATER (Continues)

Then to Vitale, (place where Japs evacuated 9,000 soldiers on 2/7/43 to 2/8/43) I had a patrol out that same day, just across the bay where the evacuation took place! Following this stop we journeyed to our planned Memorial Site on Hill 72, Skyline Drive. The Matanikau River is on the eastern base of our bluff site, about 3-5 miles inland (south of the ocean).

On Saturday we boarded an old wooden boat and headed across Iron Bottom Bay for Tulagi, Gavutu, and Tananbogo at about 7 mph. Coolers with beer and lunch were aboard and some Scuba divers joined us.

The first stop was made on Tulagi and we visited the beach stormed by the Marines on August 7, 1942 (One of our group had been in that assault). Then on to Gavutu and Tananbogo for a view of the landing area. (one of our group had been in on the invasion of Gavutu.

We had left the Scuba divers at Tulagi to search the bow of the USS New Orleans sunk near Tulagi. On our return trip we stopped to pick up these men. They had brought up a dozen USN flashlights they found in a rotting box under silt and coral. Each of us were given one 'torch'. The flashlights were fairly well preserved. After I clean mine up I may donate it to the GCV Museum.

On Sunday noon I sponsored a luncheon, by previous arrangement, at the Jade Garden Chinese Restaurant. Guests included the US Attache, British High Commissioner, Secretary to the Prime Minister of the S.I., Minister of Lands, our architect, Rev. Dave Bidon, and a radio newscaster. We discussed our proposed Memorial Park and the U. S. Battle Monuments Commission's huge obelisk (our joint venture). After lunch a Memorial Service was held at the site.

Monday, my group left for Australia and I remained on Guadalcanal until Thursday August 11, 1988 to conduct further business in regards to our Memorial Park. During this time I was interviewed by the local radio station and I spent a full day revisiting battle sites including a visit to Sir Jacob Vouza's home, deep in the jungle. Souza and his wife are buried there.

I also toured the hills on Mount Austen and particularly Hill 27, (elevation 1,540 feet), which my Battalion stormed on Dec '42 and Jan '43. I believe I actually found one of my fox holes on Hill 27 which had a lot of coral rock on it, hence, not to over grown with jungle green. The site of the Battle of the Tenaru was visited along with Col. Fox's observation bunker. The final stop of the day was the Seventh Day Adventist Betakama Church/School. Here also is an interesting collection of war relics.

I had an excellent driver/guide with an air conditioned Toyota. Heat and humidity were terrible!

Before leaving for home I was interviewed by Radio New Zealand and had a long meeting with American embassy Attache', Bill Warren.

This is a brief outline of my activities during this most interesting, hot, humid, weird and exciting tour of the World War II battle sites on Guadalcanal. Technically I was representing the U.S. Battle Monuments Commission and the Guadalcanal-Solomon Island War Memorial Foundation. I was able to accomplish a great deal

and our construction plan will be underway shortly. I met many officials, both in the public and private sector, and it was a very interesting, informative, exciting, and productive visit.

P.S. I took a spoonful of sand/dirt from each battle site and put same in a plastic bag. I plan to mix them all in a special jar, with a proper label, and maybe give the jar to the GCV Museum. (Did you clear this souvenir through the Agriculture Dept. when you left? Ed.

Ed Note; Joe Micek served in G Company, 132 Infantry during the Guadalcanal campaign. He is presently Senior Vice President of the Guadalcanal Campaign Veterans and Treasurer of Guadalcanal-Solomon Islands War Memorial Foundation.

NEW CALEDONIANS SIGN PEACE ACCORD

Paris-(Reuters)Aug 20, 1888-Political foes in France's troubled Pacific Islands signed an eleventh-hour peace accord yesterday which raised hopes of a decade of calm in the territory before a 1998 vote on independence. After two days of haggling, nationalist leaders and settlers loyal to France emerged just before dawn to sign a lengthy peace plan drawn up by Paris's Socialist government. The plan, to be put to a referendum in October, calls for an independence ballot in 1998 after a transitional 10-year period of limited self-government. During the transition, the territory is to be divided into three provinces, two of them expected to be won in elections by the separatists, a major concession to the Kanak Socialist National Liberation Front. The agreement provides for an amnesty for 200 Kanaks jailed for separatist violence.

Dear Jim;

A couple of months ago I was in Noumea and drove by the building where the old Hotel du Pacifique, with its famous long bar--almost the length of the building--and slot machines were located 1942-1946.

Enclosed are a couple of pictures that I took and as you can see from the sign it is now used as an establishment for equipment rental. The doors which existed when we knew it, always open, have been closed in.

When Jacques Chirac was head of government in France, law and order was maintained in New Caledonia for two years but when Mitterrand and the Socialist replaced Chirac's conservative government, the peace was broken on the small island of Ouvea where Libyan trained terrorists killed four gendarmes by blows with axes and machetes. It is a pity because the gendarmes were on Ouvea to protect the good Kanak-Melanesians from the bad ones. There only half a dozen whites on Ouvea--a couple of missionaries, teachers, and a doctor.

The American news media tells the story as is all Melanesians, 43% of the population, is against France. This is just not true. Even on Ouvea, a week before the brutal murder of the gendarmes, there was a pro-French rally, held by Melanesians and run by Melanesians, in spite of threats by the terrorists. 500 people attended.

I would estimate that perhaps 15 or 20 % of the population is for independence from France. Certainly not the 43% the press would have us believe.

Just thought you would like my views.

Best wishes;
Col. Harold Holcombe

Dear Jim;

Enclosed please find a copy of the Invasion Plan for the Home Islands of Japan. I hope you can print it in the Newsletter

I took this copy from the book "Orchids in the Mud", the history of the 132 infantry Regiment.

I think our Vietnam buddies would be interested in seeing what President Truman's decision to drop the "A" bomb saved in the way of casualties from the Army, Navy, and Marines and Air Force. (As usual, after it was all over the Marines would get all the Glory!)

It would be good if the American News Media, newspapers, magazines, and TV, would show this each year on the Anniversary of the dropping of the bomb on Hiroshima. As Paul Harvey says, this would be "The Rest of the Story".

On August 9, 1988, in honor of the 6,000 men who lost their lives during the Guadalcanal Campaign, a beautiful monument and museum were dedicated at Kalamazoo, Michigan. More than 350 veterans, many from the Americal, and their wives witnessed this impressive ceremony.

The inscription on the base of the monument reads;

This Sculpture Is Dedicated
 To All My Navy Shipmates
 Marine, Army, and Coast Guard Buddies
 And Allies Of All Faiths, Who
 Served In The Guadalcanal Campaign
 From August 7, 1942, to February 12, 1943
 These Brave Men And Women Were

The cost of the monument was paid for by O. L. "Bud" Turner (26 SeaBee's) and his family. His words of dedication are those on the base of the monument.

(This write-up was sent in by our Adjutant, Bernie Chase. Bernie attended the dedication as a representative of the ADVA. The picture is on the cover.

AMERICAL DIVISION FIELD ARTILLERY REUNION

Dear James;

I am late in writing to you since our reunion in Chattanooga, TN but I have been real busy at home taking care of my garden and etc.

The Americal Division Artillery Reunion turned out very well and everyone seemed to enjoy themselves. There were 45 members in attendance. Where were five Vietnam members present and two more joined us for dinner. The dinner meeting was taped and a VCR tape is available if anyone wishes to buy one. The tape is 37 minutes long and the cost is \$8.50. Most of the members present purchased a copy.

Our next Reunion will be held at Myrtle Beach, South Carolina. More details and a date will be announced later.

I am enclosing the names of four members of the Americal Division Artillery that have passed away and request that a copy of the next Newsletter be sent to their families.

Dear Jim

In your last Newsletter you mentioned different outfits that took part in the battle for Hill 260 but you did not mention Company H.

Company H supplied the machine gun section for the Hill and I was a member of one of the crews that was on the Hill when the battle broke out. I was on the Hill for three or four days until I was wounded.

Please make sure that Company H, heavy weapons section, is included in that battle.

Ed Note; Please forgive me for not mentioning Company H in previous Newsletters. I am fully aware of the part the Heavy Weapons Company plays in an Infantry outfit. I believe most of the stories that have been printed have been about personal experiences and it just so happened that no one ever wrote in from H Company.

I will have all the records shortly for H Company during the month of March 1944 and H will certainly will be not left out of the battle. I remember H Company well because you had the best darned Mess Sgt. in the Regiment--that was Sgt. Brooks. Thanks for writing and for the memo.

Having been unable to attend this years Reunion, I'm enclosing a check for \$25.00 for the Americal Museum in New Caledonia.

I appreciate what the New Caledonians are doing, although I wasn't there when the Division was formed, I was later destined to join you in November of 1943 via New Caledonia, where the cross roads of my destiny was formed.

If it's to late to send money, or the fund has been discontinued, apply it to the Association wherever needed. If the fund is still active I will further contribute to it. AMERICAL DIVISION HEADQUARTERS

Dear Mr. Dunphy;

Enclosed please find my application for membership in the Americal Division Veterans Association.

I must tell you at this point that you have a staunch Americal Division standard bearer in the person George Medeiros Sr. of Florida. For the past two or three years George kept asking, "Rheo, have you forwarded you membership application yet"? To which I kept answering, "Sorry George, not yet".

Today's enclosed request for membership makes it quite apparent that George's membership convictions overpowered my feeble rhetorics of yesterdays.

I was first assigned to the 101st Medical Regiment, Company G. While on New Caledonia, before heading for Guadalcanal, I was transferred to Headquarters Company, Americal Division Headquarters as assistant and secretary to Divisional Chaplain Rev. Father James E. Dunford, Ltc. One of the greatest Chaplains the Americal Division ever had.

I served in that capacity from 1942 to July 19, 1945, the date of my departure from the Pacific Theater to the continental United States.

I would like to know if is possible to acquire past publications of the Americal Newsletter? If so, at what cost.

I am now anticipating you favorable notification of acceptance and I am also looking forward to, a not to distant, social or membership meeting.

Sincerely yours,
Rheo L. Carpenter

Dear Bill;

It has been a couple of days since I received your most welcome correspondence. As usual, it takes me a while to move on any important undertaking. However, I have started to make my move by getting out pad and pen. The application and check are now ready to be put in the envelope with this note, when with some measure of luck it is finished.

Actually, what I have in my mind right now, with this long prologue, is a way of saying to you, actually how much it means to me, after all these years, to be able to get on the phone and talk to old friends. It meant a great deal to renew old friendships with you and Tony DeYeso. Forty years is too long a time to allow to come in between conversations. It is a great feeling to know that one can call grand guys like Tony and yourself a friend with a great deal of pride.

This is what motivated me towards asking for membership in such a brotherhood and the Americal Division Veterans Association. I would be very happy to have you accept my application after all of these years. Thanks again.

I just got my 184 Infantry News the other day and saw your article in there. I was in the Americal on January 1945 on Leyte, Philippines and I was with the 182 Infantry.

We were on Leyte until March of and on the 24 or 25 we made a beach head landing on the island of Cebu from there I was sent back to the 124th General Hospital on Leyte. Was there at Base K until I re-upped for a year and got back to the States in December of 1945.

I was wondering if you have a roster of the guys in the 182 Infantry as there were a lot of guys from Minnesota in there that I had taken basic training with. We were together on Cebu and they went to Japan but I could not get back with them.

Dear Mr. Thornton;

I thought that I would drop a line to thank you, the members of the ADVA and also their wives for the cards and letters that we have received. I would also like to extend my thanks for the copy of Under The Southern Cross, the patches and tie bar that were sent by Fran Diorio I think. I lost the note and envelope that came with the articles, so I could not even write a thank you card. I started reading the book while on vacation and it has given me insights into the fighting in the Pacific that could not be gained elsewhere.

Some of the letters hat I have received infer that people helping other people would not happen in other areas of the country. Having been born and raised in the anthracite area of Pennsylvania (Kulpmont, that's near Shamokin) we were always taught to help others when they were in need. My mom and dad taught by example. They also taught that you don't accept money for helping. A "thank you" and a good feeling are worth a whole lot more than money. Sue and I have attempted to teach our girls the same principles. Maybe those principles are taught only in the coal region, but I don't think so. People here in Adams County seem to be just as helpful, as evidenced by those who stopped to offer help and those who got help with the tire. Perhaps we all need to help each other more.

We were more than happy to help make an unfortunate situation a little more comfortable and would like to again thank you and you members for the cards, letters, and book

164 INFANTRY

Dear Jim;

I just got my copy of the '164 Infantry News and it said that you would like some news from someone from the flame thrower team that assisted the 182 on Hill 260. I was one of the men in that platoon. I was from Anti-Tank Co.

From my Company there was myself, Jack Crawford and a fellow whose last name wa Christoph. The rest of the platoon was from different Companies.

We were in training to use flame throwers but on the third day of our "training" we were on our way up to Hill 260. We spent nine days on the Hill taking out one or two flame throwers a day.

On the day I went up we took five flame throwers. We fired the juice from four and set it on fire with number five. What a blaze!

Our platoon consisted of 1 officer and 26 enlisted men. I was second in command of the platoon and when the Platoon Sergeant was wounded I took over. We stayed together for a time after Hill 260 but we were not called into service again.

Of the 26 men in the Platoon, one was killed and twelve were wounded. I received a Purple Heart and a Bronze Star. My wound was not to serious so I guess I was pretty lucky.

Yours in comradeship

At the Past National Convention held at Carlisle, PA former members of the 101 Medical Regiment, redesignated the 121 Med Bn, renewed old friendships and as Life Member John Philibert (center) said, it was good to see former buddies after forty-four years. This was John's first convention and he has promised that it will not be his last.

1000 11 MARCH---- 3rd Company attacking -- good progress being made.

1100 11 MARCH---- 3rd company back in original position. 7 killed, 11 wounded. 1st Company will attack on left. 3rd Company on right 1300 hours.

1400 11 MARCH---- Enemy cleared from south perimeter. 17 killed, 15 wounded. Evidence show at least one enemy company wiped out.

The report ends here. It would be interesting to read the rest of it but apparently it was lost in the battle.

Ed Note; Are any readers able to place themselves in this action? It does tie in with American reports

Lt Hammitt has passed away but he was a career man and conducted a great deal of research into the battles he was involved in and wrote several papers while attending Command Schools. He turned much of his writing over to Lew Turner.
