

PERPETUAL MOTION®

F I L M S

April 6 , 2000

Dear Mr. McRainey,

Many thanks from Monte Markham and staff at Perpetual Motion Films for participating in the production of "AIR AMERICA: The CIA's Secret Airline". Included with the return of your photographs are the VHS copies of your interview (and transcripts) conducted by Monte.

Since these tapes are the equivalent of spoken history, Monte has asked that you consider donating these tapes & transcripts to the AA Archives at the University of Texas. If you wish to retain your own copies, a video store can make duplications for you.

In about a month, we will send a VHS copy of "AIR AMERICA" to you. The first air date is Sunday May 21st, 2000, 10:00pm PST, on the History Channel. But be sure to check your local listing, as times vary in some regions.

Best Regards,

Kay Enyart, Production Coordinator
