FOR IMMEDIATE RELEASE

EVACUEES CONTINUE LEAVING CLARK AIR BASE

CLARK AB, R.P. [April 25] -- The total of South Vietnam evacuees remaining at Clark Air Base in the Philippines dwindled to 4,661 today as Military Airlift Command chartered aircraft continued airlifting people to Guam.

Giant 747 and DC10 aircraft continued the airlift operation during the night and throughout the day taking more than 1,900 evacuees from this Pacific air base to the American possession of Guam where additional processing was expected.

More flights could be expected into the evening further reducing the announced figure of evacuees staying here in an erected "tent city" and other accommodations.
