Professor Gordon Hewes
Associate Professor of Anthropology
University of Colorado
Boulder, Colorado

Dear Professor Hewes:

General O'Daniel has asked me to acknowledge your letter of June 5 requesting some printed materials from our organization. We are pleased to send them to you under separate cover.

I note that you are interested in recent data on daily life and social conditions in Vietnam. I am, therefore, taking the liberty of sending you some articles which we have obtained since the list we sent you was prepared and I hope you find these of help. One in particular, "The Influence of Champa on Vietnamese Culture", may be of value to you.

We should also like to suggest that we add your name to our mailing list to receive materials as they are distributed. There is, of course, no charge for this service. We look forward to hearing from you.

Sincerely yours,

Louis Andreatta
Executive Secretary

General John W. O'Daniel, Chairman,
American Friends of Vietnam,
4 West 40th St.,
New York 18, N.Y.,

Dear Sir:

Please send me the items which I have marked in the list of publications enclosed, if they are still available for distribution. I teach courses on the anthropology and archaeology of Southeast Asia, and am involved in a Asian Studies Summer Institute Program, of which I enclose a copy of our 1960 summer announcement. We happen not have a Southeast Asia course this summer, but in 1959 I taught such a course during the summer session.

Good materials of recent date on the daily life and social conditions in Vietnam seem hard to find. I dislike basing my course materials on French colonial data now almost a decade out of date, though of course it contains some very solid and valuable information.

Sincerely yours,

Gordon W. Hewes,
Associate Professor of
Anthropology
