Miss Mary Lisle Hopkins

Dear Miss Hopkins:

Unfortunately, we have exhausted our supply of the list of publications offered by the American Friends of Vietnam. I am including, however, a representative list for you and also some other materials which may assist you.

During the past nine years the American Friends has given aid in the form of drugs, miscellaneous pharmaceuticals, medical books, etc., to many Vietnamese health centers - notably the University of Hue, the Balat Center for Mountain-ers, the leprosaria in Saigon, Ban Me Thuot, Qui Nhon, Hui San. Needless to say, more and more assistance is required by these institutions and the people who rely upon them.

We very much appreciate your interest in the AFV and are only sorry that we cannot send you more by way of illustrative materials. If, however, we can be of any assistance to you in the future, please do not hesitate to call upon us.

Best wishes in your study.

Very truly yours,

Adeline Corradi

Dear Sir,

Please send me a list of
your publications. I am particularly
interested in information on
your work with leprosy and
the medical assistance you
offer in Vietnam. American
Association of University Women,
Stromsburg Branch, is studying
South-east Asia, and I am
preparing materials on
health problems. Any
materials available will be
appreciated

Sincerely yours
Mary Linley Hopkins
